### Attendance:

We greatly appreciate every effort to be in class consistently. Good attendance provides each dancer with the best opportunity to progress. Missing too many classes makes it difficult for the dancer to pick up choreography and often impacts the progression of their classmates. Any dancer who misses an excessive amount of classes will be evaluated by the instructor and may lose the opportunity to participate in the end of the year recital. We know this is not easy and we truly thank you for your support and commitment to helping your dancer succeed in this arena.
