

Electrical Journeyman Instructor

The Community School at Cape Cod Tech is partnering with the Nantucket Community School to sponsor an Electrical Code and Theory class on Nantucket for students who are preparing to sit for the Massachusetts Journeyman License Examination.

Part-time evening instructors are needed to teach electrical apprentices the 2020 National Electrical Code Book and approved curriculum.

Methods of instruction include in-person lectures, interactive classroom teaching, and practice tests. The curriculum is based on the Mike Holt Enterprises training system.

Ability to utilize technology to post assignments and student communications using Google Classroom.

This is a paid part-time position.

Responsible for tracking student attendance.

Teach Tuesday and Thursday evenings from 5:00 - 8:00 PM starting in September 2021 and ending in April.

Experience:

Journeyman Electrician, 5 years (Preferred)

License:

Current Journeyman Electrician or Master Electrician

If you are interested in teaching, please contact Carol Connolly or Betsey Koehler at communityschool@capetech.us or call (508) 432- 4500 Ext. 2800
